Birte Nöding

I was just 13 years old, when I got my first dog, a black Cocker Spaniel bitch.

On one of our daily walks we met some Whippets and I learned to love their character and their very special look.

Since I was not allowed to have a second dog, I started to visit dog shows and Whippet breeders in order to get to know everything about this lovely breed.

That was when I made up my mind about type already and waited for a litter that was planned for 1999, the year when I planned to move out and could have a second dog.

Unfortunately the breeder had an accident and the litter came already 1998. Now it was a long way to persuade my mother that I really needed a bitch from this litter. I was lucky enough and so my first Whippet Polar Arabians' Betty Barkley moved in. She was the foundation bitch of my kennel and even the kennel was named after her.

„Betty“ became the first champion for her breeder and we had great fun together in the show ring. Sadly „Betty“ passed away in 2009, but she lives on in her kids, grandkids and even grandgrandkids sharing my live with me right now.

My first litter was born in 2001 and since then I have bred 14 Whippet litters with 106 puppies, most of them are loved pets, but those that have been shown were able to achieve various titles such as German, Danish, Finish Champion titles Centenary winner and Whippet Club winner titles.

I have shown my dogs in several countries such as Germany, Denmark, Sweden, Finland, the Netherlands, Switzerland, Austria, Poland and so on, always loving to see so many types in the Whippets.

Since I love dog shows and all what belongs to it, the travelling, meeting friends all around the world and talking about the nicest thing in the world, our dogs. I decided to start becoming a judge. In 2009 I was acknowledged by the German kennel klub and have so far been judging a couple of shows in Germany, the Netherlands and Sweden.

I am truly honored, having been invited to judge Whippets in the Czech Republic.
